

**Strategic Mobility 21 Program Briefing  
HQUSTRANSCOM Scott AFB**

**26 Jan 2006**

**Dr. Lawrence G. Mallon, J.D., LL.M. Program Manager**

# Who We Are

- HACD Congressional Plus-Up \$4.3M FY 05, \$2.6M FY 06, ? FY 07-08
- Office of Naval Research Code 33 6.3 Applied Research Program Contract Manager
- Functional equivalent of ACTD in Focused Logistics/Network Centric Warfare
- Academic, government, and industry consortia.
- Joint Military-Commercial Demo of Inland Multi-Modal Freight Hub/PPSP prototype at former George AFB
- Focus Joint Deployment Distribution Process Modernization/Transformation
  - Business Process Re-Engineering
  - IT Decision Support Leveraging COTS/GOTS

# Joint Deployment Distribution Enterprise

- Department of Defense
  - OSD – AT&L
  - USTRANSCOM
  - OFT
  - DLA
  - NORTHCOM
  - PACOM
  - STRATCOM
  - JFCOM
- Other Government Agencies
  - DOT
  - DHS
  - California State Agencies
  - Port Authorities
  - SCLA/SCLRA
- Commercial
  - NCO Consortia: NCOIC, W2COG
  - Trade Associations: IMRA & NITL, AIAA, DMA
  - UPS Logistics
  - DHL
  - Calcartage
  - FedEx
  - Menlo
  - Pasha
  - Siemens
  - ITS/Kline
  - Boeing
  - UP
  - BNSF
  - BAX

# TRANSCOM Benefits

- Synchronize commercial and military freight operations while reducing multi-modal traffic congestion in the Southern California Region
- Meet Port Planning Orders by reducing the logistics footprint and dwell time at commercial terminals during force deployments.
- Deconflict capacity constrained Fort Lewis as the only west coast Power Projection Platform.
- Provide an air/surface (rail & truck) cargo consolidation capability and alternate west coast Aerial Port of Embarkation (APOE).
- Demonstrate prototype Power Projection Support Platform (PPSP) for replication in other regions to enable Joint Sea Basing Logistics.

# TRANSCOM Benefits

- Establish Joint Logistics Experimentation (Innovation Cell), and Training (Mission Rehearsal) Test Bed (JLETT)
- Opportunities for collaboration with ICODES, TRANSWAY, LOGCOP, NoMaDD, and JFCOM JFP.
- Direct link to industry, academic, and coalition network centric operations stakeholder consortia
- Collaboration to integrate DOD and commercial logistics networks and processes (outsourcing)
- Establish service bureau for data quality assurance, DVD, & performance logistics monitoring

# What We Want

- Join Funded SM21 Team and other COCOMs in an integrated exercise (Disaster Response – Force Deployment scenario) MOA.
- Align Functional Requirements ie. LOGCOP (#1 Warfighter Priority) & near term existing system capabilities and exercises.
- Provide near term guidance and sponsor SM21 Transition Plan from ONR FNC in FY 08-09 .
